

Construction Industry Trends in 2025 & Beyond

In 2025, construction could see a growth of **4% to 5%**.

5 Construction Sectors Set to Grow in 2025

Military
56.4% ↑

Hotels and Motels
28.7% ↑

Shopping
25.6% ↑

Manufacturing
19% ↑

Warehouses
17.9% ↑

Construction Trends on the Horizon

- The green building market is expected to reach **\$646.81 billion in 2025**
- Solar power generation is expected to grow **75% from 2023 to 2025**
- Wind power is predicted to **expand 11%**
- The microgrid energy market size is estimated to be **\$41.69 billion and increase to \$163.17 billion by 2033**

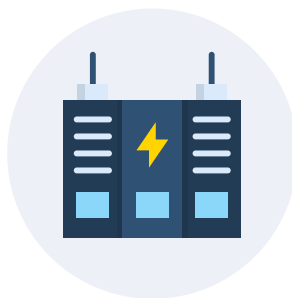

With construction growth comes innovation in the electrical industry. What's the future have in store?

Electrical Trends on the Horizon

Smart Building Design
These buildings are expected to save **\$18 billion in energy costs and 80 million tons of CO2**

Advanced Energy Storage
Battery energy storage systems (BESS) installations are expected to expand by **13 times in the coming years**

Solar & Renewable Energy Solutions
The Building-Integrated Photovoltaics (BIPV) market is projected to grow from **\$25.46 billion in 2025 to \$58 billion by 2029**
